

# *Vote for the 3/4% tax renewal because...*

Toledo needs to buy more lights

To maybe get the the MLK bridge done, like we've been trying to do for  
years

Toledo needs more money to buy empty building

Do something with that steam plant

The city government has done great things with our  
foreclosure rate

We need to bring back CitFest a third time

Toledo need more red light cams

We like the progress on the Brownstones and we want to keep the  
same rate

The city needed to take those jobs away from the tow lots and ambulance  
drivers

We need to pay more for trash

The Erie Street Market has been a great success and not  
a drain our resources

We really need wireless internet to do stuff

*Finally, because we been paying for this temporary tax for like 20 years,*

*Why should we keep our own money NOW?*

Make copies and give it to your friends!
